## ART AWARDS

REID & HARRISON  
**SERVICES**  
& EFFLUENT SOLUTIONS

With the help and support of Kodak and Black, the annual Reid and Harrison Art Awards were held in Matamata and will be on display to the public at Kodak and Black. It has now been 25 years since these awards started and it is all thanks to Keith Cooke and his passion to support the Arts.

I would like to acknowledge the crowd of friends and family that took the time to support the students on the night and were there to see the winners announced.

There was a diverse range of pieces entered from students aging 14-18 years all from Matamata College. It was amazing to see the unusual, unique and classical interpretation of ideas in the students' work.

Keith Cooke from Reid & Harrison along with Daron Parton, a local and international illustrator, had the task of judging the mixed media and Keith and Paul Sutherland, a local and international photographer, judged the photos. This was no easy task and one I would not like to undertake. They both noted that the theme was not an easy one and took a lot of thought and creativity to think of an idea that was a little out of the norm and unexpected.

There were three Categories this year, the first, Mixed Media. This section was filled with some amazingly detailed work in a range of styles. Fletcher Lambert was the supreme winner closely followed by Helen Drysdale-Dunn Year 13, Sarah Yeoman Year 13 and Julia Smaller Year 11 taking away runners up.

The second category was Photography and top spot was tightly contested. Samantha Davison from Year 13 received the supreme award followed by Karmen Benson Year 13 and Gareth Watkins Year 13 and Gemma Young Year 10.

We had sculpture again this year with an anonymous sponsor dedicated to sculpture. These included created characters by the Year 11 Art class. Supreme award went to Julia Smaller. Runners up were Stanley Allison and Samantha Crowther both from Year 10 with the water features.

I would like to thank Reid & Harrison for their continued support and generosity with the Arts at Matamata College. They are a pleasure to work with. I

would also like to thank Kodak and Black for allowing us to use their space for display. I am extremely proud of the work the students have done and would like to congratulate all of them on their efforts.
